17.9 m boom length includes manual 3rd extension. Ratings for manual extension are structural and based on boom angle, not radius. The ratings do not change if the power sections are retracted with the manual section extended. Lifting capacities do not exceed 66.6% of tipping load. Weight of hook blocks and slings is part of the load, and is to

LOAD CHART AT-14 9T REAR AXLE - Lee Crane Hire

Employers and candidates feel confident in being let loose on a franna without going in blind. Although entirely legal to do so with a C6 licence, a franna is a completely different beast to a mobile slew crane with a different thought process and methodology required to operate one competently, safely and efficiently. 3.
