National Heritage List inscription date 9 May 2017 Australian Cornish Mining Sites: Burra and Moonta While tens of thousands of hopefuls dreamed of striking it rich in the Australian gold rushes of the 1850s, copper mining in South Australia was creating a small slice of Cornwall, England on the far side of the world. A generation of Cornish miners, engineers and tradespeople

National Heritage Places - Australian Cornish Mining Sites ...

The Cornwall and West Devon Mining Landscape is a World Heritage site which includes select mining landscapes in Cornwall and West Devon in the south west of England. The site was added to the World Heritage List during the 30th Session of the UNESCO World Heritage Committee in Vilnius, July 2006. Following plans in 2011 to restart mining at South Crofty, and to build a supermarket at Hayle Harbour, the World Heritage Committee drafted a decision in 2014 to put the site on the List of World Heri

Cornwall Mining

The areas of Cornwall around Gwennap and St Day and on the coast around Porthtowan were among the richest mining areas in the world. At its height the Cornish tin mining industry had around 600 steam engines working to pump out the mines (many mines reached under the sea and some went down to great depths). Adventurers put up the capital, hoping that the mine would return them a profit, but the outcomes were very uncertain.

Mining in Cornwall and Devon - Wikipedia

The Smithy workshop at Wheal Busy near the former mining village of Chacewater is unique within the Cornwall and West Devon Mining Landscape World Heritage Site and is thought to be the largest historic blacksmiths on a metalliferous mine in Britain. Wheal Busy is a very important name in the annals of Cornish mining.
