Choose a canvas board or stretched canvas rather than painting paper. And it's always a good idea to prime your surface before you get painting. Obviously keeping brushes clean is key, and cleaning gouache is easy! Simply rinse brushes, palettes and other materials with water. October 22, 2018.

### Learn about Gouache Painting - Bluprint

Watercolor and gouache are both made of similar materials (pigment, gum Arabic, possible additives), call for similar application and the same cleanup. Watercolor by nature is transparent and often loved for its fluid washes. Gouache, however, has a much higher pigment content and the pigment is ground into larger particles than watercolor.

Gouache and Watercolor are two similar styles of painting that both make use of water and water-soluble pigments and binders. While Watercolor is a popular choice of painting method for most artists, Gouache, on the other hand, does not share that same level of acclaim.More so, it is only popular among specific categories of artists, such as illustrators and architects.
