The other two were A380 near CFITs in DME and JFK respectively and now this incident. FZ in Rostov is another example - same boss, so now five. The training dept in EK has a particularly poisonous local pilot manager who over rules TRI/TRE grading on a regular basis, usually to the detriment of the trainee. This adds to the fear.

The manual supplied with the model has a section on the systems and does allow the user to know what to expect and the planned development and updates for the model. The manual explains that the four base systems of electrical, hydraulics, fuel and pneumatics are built around the laws of physics and adhere to those laws.
