Math in Moscow is a joint project of Independent University of Moscow, National Research University Higher School of Economics and Moscow Center for Continuous Mathematical Education. The program was established in 2001. It focuses on deep, research-oriented teaching of math and individual attention to every student.

Math in Moscow - Study Abroad Program in Mathematics

able Moscow Center for Continuous Mathematical Education (MCCME), described below on p. 13. MCCME had just published Alexander Zvonkin's *Malyshi i Matematika (Kids and Math)*, and we were captivated by his account of his experiences conducting a math circle in his apartment for preschoolers in the 1980s. We
