Lecture 13 - Marx's Theory of Class and Exploitation Overview. In order to move from a theory of alienation to a theory of exploitation, Marx develops a concept of class and of the capitalist mode of production. He developed these in The Communist Manifesto, the Grundrisse and Das Kapital. Marx argues that what sets the capitalist mode of ...

International relations theory is the study of international relations (IR) from a theoretical perspective. It seeks to explain causal and constitutive effects in international politics. Ole Holsti describes international relations theories as acting like pairs of coloured sunglasses that allow the wearer to see only salient events relevant to the theory; e.g., an adherent of realism may ...
