University of Florida, Institute of Food and Agricultural Sciences (UF/IFAS) Organic Food From Wikipedia, the free encyclopedia. Organic Farming From Wikipedia, the free encyclopedia.

Organic Production/Organic Food: Information Access Tools ...

Natural food and all-natural food are terms in food labeling and marketing with several definitions, often implying foods that are not manufactured by processing. In some countries like the United Kingdom, the term "natural" is defined and regulated; in others, such as the United States, the term natural is not enforced for food labels, although there is USDA regulation of organic labeling.

Natural food - Wikipedia

The law associated with this area of our program is the Kansas Pesticide Law.. We certify private and commercial applicators to use pesticides. To qualify for certification, a commercial pesticide applicator must show adequate knowledge of the type of pesticide application that he or she intends to perform.
