### **Difference Between Autonomy and Independence | Compare the ...**

Learners have to work within and beyond the class room to develop their language skills. The notion of learner independence or learner autonomy moves into an area where learners can direct their own learning. It could mean those learning activities which take place without the immediate intervention of the teacher.

### **Learner Autonomy in Language Learning - ScienceDirect**

Introduction Learner autonomy in language education is interpreted in various ways in the literature using various terms, such as 'learner autonomy', 'learner independence', 'self-direction', 'autonomous learning', 'independent learning' (or in German language 'Autonomie der Lernenden', 'lernende Unabhangigkeit', 'Selbstbestimmung', 'autonomes Lernen', 'unabhangiges Lernen') and all these items have been used to refer to similar concepts.

### **Learner Autonomy in Foreign Language Education and in ...**

Giving your child opportunities to practice independence and experience autonomy helps them create a sense of mastery over their body, their mind and their environment. This supports independent and critical thinking, encourages intrinsic motivation and inspires confidence.

### **The little toddler that could: autonomy in toddlerhood ...**

To me autonomy is about people taking more control over their lives - individually and collectively. Autonomy in learning is about people taking more control over their learning in classrooms and outside them and autonomy in language learning about people taking more control over the purposes

### **Autonomy in Language Learning**

1. Introduction. Over the last two decades, the concepts of learner autonomy and independence have gained momentum, the former becoming a 'buzz-word' within the context of language learning (Little, 1991: 2). It is a truism that one of the most important spin-offs of more communicatively oriented language learning and teaching has been the premium placed on the role of the learner in the ...

### **What is Learner Autonomy and How Can it be Fostered**

The publication of *Autonomy and Independence in Language Learning*, the latest work in the

Longman series on Applied Linguistics and Language Study, is further evidence of the series' position on the cutting edge of innovative thinking in language education.

**Autonomy and Independence in Language Learning**

Promoting autonomy and independence (A & I) has for years been an accepted goal of Western education in general and has more recently joined such aims as developing “communicative competence” or using “authentic materials” in the canons of second language teaching and learning.
