Beer Tasting Analysis Guide

Beer is one of the oldest and most widely consumed alcoholic drinks in the world, and the third most popular drink overall after water and tea. It is produced by the brewing and fermentation of starches, mainly derived from cereal grains—most commonly from malted barley, though wheat, maize (corn), rice, and oats are also used. During the brewing process, fermentation of the starch sugars in ...

Randolph Ware is one of the founding fathers of Boulder County brewing. Along with David Hummer, Ware—“Stick” to family and friends—started Boulder Beer Company back in 1979: The first brewery in the county. And, like practically every other commercial brewer, Ware was a homebrewer first. And, like practically every other homebrewer out there, no ingredient [...]

Is America ready for Laughing Beer? - Boulder Weekly

Mixed beverage taxes are due on the tasting fee and sales tax is due on the discounted sales price of the commemorative bottle of vodka. A distillery is required to have a distiller's and rectifier's permit, which is one of the permits listed in the definition of a permittee for mixed beverage taxes. Because the tasting fee is a charge to consume distilled spirits at the distillery, mixed ...
