Sea ice begins as thin sheets of smooth nilas in calm water (top) or disks of pancake ice in choppy water (2 nd image). Individual pieces pile up to form rafts and eventually solidify (3 rd image). Over time, large sheets of ice collide, forming thick pressure ridges along the margins (4 th image). (Nilas, pancake, and ice raft photographs courtesy Don Perovich, Cold Regions Research and ...

This Italian brand of drinking water comes in two colors: red for "very fizzy" and blue for "lightly fizzy". The testimonials also reflect it in their personality.; Sanrio's Patty & Jimmy are well played in this trope: Patty is the red oni, because she excels in sports, but fails in studies. Jimmy is the blue oni, because he is not very athletic, but has A+ grades in such classes as math, and ...

Ice breakers seem to lay the necessary groundwork for building the trust, connections and relationships that are required for future higher stakes collaboration. I'm sure there are other ways teachers can do this; I just think day one is the day to start community building, and ice breakers are one means of doing that.
