Analysis. Science and its advancements
will accomplish great and horrible things

Theme Analysis - The Alchemy of air by Thomas Hager

Another good one by Thomas Hager I
got this after reading Mr. Hager's
"Demon Under the Microscope," which is
one of the best books I've read in a long
time. "The Alchemy of Air" isn't in the
same class but is written with the same
level of completeness and mix between
science and social factors.
