Judging Criteria for Individual Vegetables

Judging In judging fruits and vegetables, quality is the most important factor. The judge must consider all conditions which influence quality — maturity, freshness, internal characteristics and freedom from disease, insect damage and blemishes.

Standards for judging spring fruits and vegetables ...

Vegetables should be in prime condition for eating at the time of judging. In case of a late season or early fair, immature specimens are usually accepted. Judges generally use a higher set of standards for judging green tomatoes and other immature vegetables, such as winter squash, if both mature and

Judging Criteria for Vegetable Exhibits

Matthew 7:15-20 Jesus does not spell out what "fruits" to look for, although in the Olivet Prophecy, He does link the deceptions of false prophets with the lawlessness and lack of love that abounds at the end time (Matthew 24:11-13). However, the rest of the Bible elucidates God's character and nature, so we already have the tools to evaluate whether a message allegedly coming from God fits ...
