Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

Since acquiring my '95 ('96 registered) facelift E280 4-speed auto estate last October, I have been trying to get to the bottom of poor function air-conditioning; main symptoms, lack of adequate cooling and inconsistent operation, including warm air instead of cold. My various issues and blind alleys are covered in earlier posts.
