Fashion draping is an important part of fashion design. Draping

Online Library

Draping For

Fashion Design

4th Edition

for fashion design is the process of positioning and pinning fabric on a dress form to develop the structure of a garment design. A garment can be draped using a design sketch as a basis, or a fashion designer can play with the way fabric falls to create new designs at the start of the apparel design process.

Draping for Fashion Design | Pearson

It is a very useful and time saving method for a fashion designer.

Draping is done on muslin or loin cloth.

Muslin is most common, inexpensive and trusting fabric to be used for draping techniques usually for folds and adorn to manipulate the designers to make different look of a design.
