1997. Extensive resources for instructors and student. Solutions manual, Power Point for whole course.

Electronic Materials and Devices 4th Edition Textbook

This manual will also likely serve as a reference for future classwork, particularly in Physics 116, Advanced Electronics and Instrumentation. I suggest that if you are planning on taking this course, you hold onto this book. This is the sixth edition of this manual; it is mainly for correcting some errors and restructuring some experiments.
