Engine Overhaul - SIA Engineering Company

Most of the engines we work on will last the life of the car without needing a rebuild. We have one customer with almost 400,000 miles on her original engine. There are of course fluky failures like an Integra that burned a hole in the head behind the back side of the valve seat at 40,000 miles and an Civic that dropped a valve for no apparent reason, but problems like these are rare.

Should you rebuild your engine? - ART'S AUTOMOTIVE

The 2.0-liter, turbocharged four-cylinder engine used in millions of VW group vehicles is once again being blamed for major reliability issues, many of which require a full engine overhaul.
