44 percent women. 21 percent under-represented minorities. We're one of the most diverse CEE schools in the country, meaning our classes look a lot like our global society.

School of Civil and Environmental Engineering

The Department of Civil and Environmental Engineering offers three graduate degree programs: master's, doctoral, and degree of Engineer. With four distinct focus areas, the leading purpose of our master's program is to provide students with the knowledge and skills necessary for a professional career or doctoral studies.

Civil and Environmental Engineering

The College of Engineering has established the William W. Boyer Endowed Professorship in the Civil and Environmental Engineering (CEE) Department, a distinguished position created to attract or retain outstanding faculty members to CEE.

Civil and Environmental Engineering | UMass Amherst

Specialized courses in environmental engineering, geotechnical engineering, structural engineering, transportation engineering, and water resources engineering are offered. At the graduate level, we offer M.S. and Ph.D. programs in the following emphasis areas: Civil Engineering; Environmental Engineering; and; Coastal Engineering.

Civil and Environmental Engineering and Industrial Systems and ...

Take the first steps toward a fulfilling career with a major in civil, environmental, or geo- engineering. "I knew that I wanted to help people, as a lot of engineers do. And it's just a really great way to apply those skills directly to people's lives—with clean water, the environment, and sustainability."

Civil, Environmental, and Geo- Engineering | College of Science and ...

Civil and environmental engineering professionals help create and maintain the quality of life that our society has come to expect. Think about the standard of living we each enjoy on a daily basis: clean water to drink, safe roads to drive, proper sanitation, and buildings that serve our needs and protect us from environmental hazards.

Richard A. Rula School of Civil & Environmental Engineering - Bagley ...

Important departmental information: Starting with the 2017-18 academic year, the Civil and Environmental Engineering Department is instituting Professional Degree Supplemental Tuition as part of the MS degree. On a per semester basis, this will add approximately \$3100 for California residents and \$6100 for non-residents to the cost of attending. The Department is committed to attracting a ...

Civil and Environmental Engineering - Berkeley Graduate Division

The Environmental Engineering program is intended to provide the additional skills and knowledge that engineering and science graduates require to successfully work on environmental assignments such as sustainability management, air quality, climate change, environmental impact assessment, life cycle assessment, contaminated sites, water treatment facilities, contaminant hydrogeology ...
