Epson Stylus C88 is one of those printers that accept 11 x 19-inch paper. Most architects and artists love this model because the standard size for printing is 11 x 17. However, if you need a giant printout, this model can quickly fulfill your needs. The best part that we like the most is generating borderless printing of up to 8.5 x 11-inch paper.

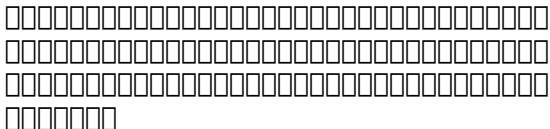

7 Best Printers For Screen Printing Transparencies - PCdrink

Speed varies in accordance with the resolution set by the user, paper size and the type of scan - greyscale, color or mono (black). Scanning speed on a device without a paper feeder may depend on how fast a user feeds in the paper manually. Ease of use. The best slide scanners shouldn't give you a
