4L60E Identification: Complete Guide The 4L60E transmission has been in production for over twenty years, even longer if you consider the fact that it came from the 4L60 (700R4). the "E" at the end of 4L60 indicates that it is electronically controlled.

4L60E Identification + Specs | Drivetrain Resource

This is done using the airflow that comes through the front of your car as you drive. If the condenser is blocked by some type of debris from the road, then it will be unable to properly cool the refrigerant and your car's system will continue to operate with overheated refrigerant. This will quickly cause the A/C unit to only expel hot air.

6 common Reasons Why Your Car's A/C Might Not Be Working
