Huygens is arguably one of the most prolific poets of the Dutch Golden Age. He was also Secretary to two Princes of Orange: Frederick Henry and William II. Near The Hague in the neighboring town Voorburg, Huygens built a small villa, called Hofwijck (Vitauium in Latin), meant as a get-away from the Royal Court in The Hague.

HUYGENS' LEGACY THE GOLDEN AGE OF THE PENDULUM CLOCK ...

Salomon Coster (c. 1620-1659) was a Dutch clockmaker of the Hague, who in 1657 was the first to make a pendulum clock, which had been invented by Christiaan Huygens (1629-1695). Coster's earliest pendulum clocks were signed "Samuel Coster Haghe met privilege", indicating that he had been authorized by the inventor to make such clocks. John Fromanteel, the son of a London clockmaker ...

Huygens Senior hoped his son would follow in his footsteps and become a diplomat, and the young man did travel to Denmark in 1649 on a diplomatic mission. But eventually his father realized he had no interest in such a career, and this, combined with a shift in the political winds, left Christiaan free to devote himself full-time to research at his father's house in The Hague.
