### kern theodolite | eBay

When Heinrich Wild left Wild Heerbrugg he joined Kern Aarau where he continued designing theodolites. The Kern DKM2 was meant to be the competitor of the Wild T2 and thus has similar specifications. The DKM2 shows features well known from Wild's original designs while working in Heerbrugg, but at the same time this instrument shows that his ideas kept on evolving while working at Kern in Aarau.

### Transits & Theodolites - Kern Swiss

The Kern E1 basically is an electronic theodolite with a detachable distance meter (in this case the DM503, see figure 3), not a fully integrated total station like the 1980 Wild TC1.The E1 was introduced in the early 1980s while the attached DM503 distance meter was introduced in June 1983. 2 Before that Kern produced non-electronic theodolites like the Kern DKM2.
