Free-Ebooks.net is a platform for independent authors who want to avoid the traditional publishing route. You won't find Dickens and Wilde in its archives; instead, there's a huge array of new fiction, non-fiction, and even audiobooks at your fingertips, in every genre you could wish for. There are many similar sites around, but Free-Ebooks.net is our favorite, with new books added every day.

Macbook Pro 17 Disassembly Guide

Follow these instructions to replace the glued-in battery in your MacBook Pro using an iFixit kit with adhesive remover. The adhesive remover helps weaken the glue securing the old battery, making it easier to remove. iFixit adhesive remover is flammable. Follow this procedure in a well-ventilated area, and don't smoke or work near an open flame.

A screwdriver is a tool, manual or powered, used for driving screws. A typical simple screwdriver has a handle and a shaft, ending in a tip the user puts into the screw head before turning the handle. This form of the screwdriver has been replaced in many workplaces and homes with a more modern and versatile tool, a power drill, as they are quicker, easier, and can also drill holes.

Screwdriver - Wikipedia

We've already made significant progress in eliminating plastics in our packaging. Since 2015, we've reduced plastic in our product packaging by 75%. In fiscal year 2021, all newly released iPhone, iPad, Apple Watch, and MacBook devices shipped in packaging that was more than 90 percent fiber-based.
