The Great Leap Forward was a push by Mao Zedong to change China from a predominantly agrarian (farming) society to a modern, industrial society—in just five years. It was an impossible goal, of course, but Mao had the power to force the world's largest society to try. The results, unfortunately, were catastrophic.

Amazon.com: Mao's Great Famine: The History of China's ...

You will look in vain for the famine in its permanent display on modern history, for there is but a tiny 100-word section devoted to those backyard furnaces and barely half a sentence acknowledging 'serious' disruption to socialist development. On the square's south side is the building in which

Mao's embalmed body lies in state.

Frank Dikotter - Mao's Great Famine: The History of China ...

A history of famine is as much a history of survival as it is of starvation, destruction, and death. Humans are able to endure extreme conditions, and our ingenuity in coping with terrible crises is a great reflection of human strength. The world over, most human beings would do anything in order to survive, and this includes stealing and killing.
