Here's the plan. 1. Start at a Community College. The new A2B Maps lay out a set of freshman and sophomore courses in your major so that the credits you earn at your Community College are guaranteed to transfer to a State U or UMass campus and count towards a bachelor's degree. 2. Earn an Associate's Degree.

NPTEL :: Chemical Engineering - NOC:Mass Transfer ...

Mass transport deals with the transport of various chemical species themselves. Three different types of physical quantities are used in transport phenomena: scalars (e.g. temperature, pressure and concentration), vectors
