Sanitation refers to public health conditions related to clean drinking water and 'treatment and disposal of human excreta and sewage.' Preventing human contact with feces is part of sanitation, as is hand washing with soap. Sanitation systems aim to protect human health by providing a clean environment that will stop the transmission of disease, especially through the fecal-oral route.

Sanitation - Wikipedia

A cockatoo is any of the 21 parrot species belonging to the family Cacatuidae, the only family in the superfamily Cacatuoidea.Along with the Psittacoidea (true parrots) and the Strigopoidea (large New Zealand parrots), they make up the order Psittaciformes.The family has a mainly Australasian distribution, ranging from the Philippines and the eastern Indonesian islands of Wallacea to New ...
