Why you'd want a Mini (R50-R53) Born at a torrid time in Rover's history, the new Mini was designed for BMW by Frank Stephenson and might have had a K-series engine as a Rover product. Instead, it went into production as a new independent marque under BMW, with an all-new engine from a new factory in Brazil, a joint venture with Chrysler USA.

Removed Mini R50 engine...now what I boughtt my R50 mini with a bad throwout bearing, purchased the car knowing that I was going to put a clutch in it. In the process if taking the transmission off, I figured there was not much holding the rest of the engine in, and decided to loosen up the exhaust bolts and the remaining hoses and just pulled the engine for ease of access.
