### Multiple Choice Examination System 1

Multiple choice items consist of a stem and several alternative answers. The stem is the opening—a problem to be solved, a question asked, or an incomplete statement to be completed. The options are the possible answers that the examinee can choose from, with the correct answer called the key and the incorrect answers called distractors. Only one answer may be keyed as correct.

### Multiple choice - Wikipedia

Step 1 is constructed according to an integrated content outline that organizes basic science material along two dimensions: system and process. Step 1 is a one-day examination. It is divided into seven 60-minute blocks and administered in one 8-hour testing session.
