You can access the relevant submission system via the "submit your paper" link on the Elsevier.com journal homepage of your chosen journal. Alternatively, if you have been invited to submit to a journal, follow the instructions provided to you.

Submit your paper - Elsevier

One misconception I had about publishing is that the only way medical students can publish is through primary research. Although this can be an excellent way to generate new findings, it is by no means the only research that deserves to be published. Generally, secondary research consumes less time by synthesizing existing data with novel insight.
