### **Research Handbook on the History of Copyright Law ...**

Most of the guidance in this handbook surrounds presenting the research professionally, effectively, and clearly, but the research stage is the foundation that you build your project on. Most of the time, projects and paper that score poorly do so as a result of lackluster or incomplete research. This is usually due to lack of attention and unwillingness to use any research tools other than ...

### **Conducting Research | Mr. E's Codex**

Most historians rely principally on written sources. Yet there are other traces of the past available to historians: the material things that people have chosen, made, and used. This book examines how material culture can enhance historians' understanding of the past, both worldwide and across time. The successful use of material culture in history depends on treating material things of many ...
