One of the least known safety tips for women living alone is that you may very well have a security alarm in your possession that you don't even use. If you have a key fob to unlock your car doors, keep your keys close to your bed when you sleep. When you hit the panic button the alarm will sound and most likely scare any intruder away.

7 Safety Tips for Women Living Alone ...

Don't advertise that you're living alone. A hot tip for living alone for the first time is not advertising that you are alone. Most criminals and burglars will aim for easy targets, but there are simple ways to make it difficult for others to find out whether you live alone or not. Where possible, keep your curtains closed at home so it's not obvious that you're home alone.
