For particularly narrow spaces like stairways, consider an electric shovel. These helpful winter tools feature a streamlined size and lightweight design, making them perfect for compact areas. With both electric snow blowers and electric shovels, you'll need access to an outdoor outlet and extension cord, so remember to check your home or garage before purchasing electric models.

A clothes iron (also flatiron, smoothing iron, or simply iron) is a small appliance that, when heated, is used to press clothes to remove creases. Domestic irons generally range in operating temperature from between 250 °F (121 °C) to 360 °F (182 °C). It is named for the metal (iron) of which the device was historically made, and the use of it is generally called ironing, the final step in ...
