An Evinrude outboard repair manual, termed Evinrude factory service manual, is a book of instructions outlining the process of routine maintenance and troubleshooting, as well as a complete description of how to fix the boat motor back to working order. It's a handbook dealership technicians and do-it-yourself mechanics use to fix their engine.

Looking for a service manual for a ficht. I think the motor is like a 2000-2002. Not totally sure. For some reason the tag was removed. Found this one. Not sure if there are others. ... !!!! Hey it is so obvious....go to an Evinrude dealer and get them to hook the engine up to EvDiags. That will ID the motor, assuming that the EMM is original ...

2000 200hp Evinrude Ficht Ram E200FPLSIF, no idea on how many hours are on it. Ran like a champ for 9-10 months, then it quit on me. Called every Evinrude shop within 100 miles and no one would touch it. Through a couple dozen calls, I heard everything from "run" to "good luck" and quickly learned of it's reputation.
