Social Problems By James Henslin

An example of just such an illusion of control was noted by Henslin in the 1960s (Henslin, 1967). Henslin was a sociologist and spent a number of weeks observing cab drivers in St. Louis in the USA. A popular past-time among the cabbies was craps, a dice rolling gambling game. Henslin joined in with these games and made an intriguing observation.

What is the Sense of Agency and Why Does it Matter?

ADVERTISEMENT: Social Movements in India: Meaning, Features and Other Details! A social movement is a mass movement and a collective attempt of people to bring about a change, or to resist any change. The concept central to any social movement is that people intervene in the process of social change, rather than remaining mere spectators [...]

Dysfunctions within society negatively affect all other parts and create social problems. Functionalism originates in the work of Auguste Comte (1798-1857) and Émile Durkheim (1858-1917), who was interested in social order and how how societies maintain stability over time. Durkheim suggested that society was more than the sum of its ...

Patriarchy is an institutionalized social system in which men hold the primary power positions in roles of authority. It can also extend to a moral authority, social privilege and control of property.. Patriarchy is associated with a set of ideas, a patriarchal ideology that acts to explain and justify this dominance and attributes it to inherent natural differences between men and women.
