Psychotherapy (also psychological therapy or talking therapy) is the use of psychological methods, particularly when based on regular personal interaction with adults, to help a person change behavior and overcome problems in desired ways. Psychotherapy aims to improve an individual's well-being and mental health, to resolve or mitigate troublesome behaviors, beliefs, compulsions, thoughts, or ...

Psychotherapy - Wikipedia

Just as no two people are affected the exact same way by depression and anxiety, there is no "one size fits all" treatment. What works for one person might not work for another. The best way to treat depression or anxiety is to become as informed as possible about the treatment options, and then tailor them to meet your needs. In many cases, it is helpful to work with a professional to ...
