Post-classical history is a periodization used by historians employing a world history approach to history, specifically the school developed during the late 20th and early 21st centuries. Outside of world history, the term is also sometimes used to avoid erroneous pre-conceptions around the terms Middle Ages, Medieval and the Dark Ages (see Medievalism), though the application of the term ...

The last universal common ancestor (LUCA) is the most recent organism from which all organisms now living on Earth descend. Thus it is the most recent common ancestor of all current life on Earth. The LUCA is estimated to have lived some 3.5 to 3.8 billion years ago (sometime in the Paleoproterozoic era). The earliest evidence for life on Earth is graphite found to be biogenic in 3.7 billion-year ...
