The Case Against Homework How

And it is a hidden cause of the childhood obesity epidemic, creating a nation of "homework potatoes." In The Case Against Homework, Bennett and Kalish draw on academic research, interviews with educators, parents, and kids, and their own experience as parents and successful homework reformers to offer detailed advice to frustrated parents. You'll learn which assignments advance learning and which are time-wasters, how to set priorities when your child comes home with an over-stuffed backpack ...

The Case Against Homework

The Case Against Homework is an interesting book in that it combines statistical data and antidotal evidence to show how homework does not help students until middle school, then only slightly. The stories however are primarily from people who support the argument against homework.
