The Codebreakers Comprehensive History Of

Cryptanalysis has coevolved together with cryptography, and the contest can be traced through the history of cryptography—new ciphers being designed to replace old broken designs, and new cryptanalytic techniques invented to crack the improved schemes. In practice, they are viewed as two sides of the same coin: secure cryptography requires design against possible cryptanalysis.

The Trident Conference. Introduction: In this segment, I continue my close analysis of the intersection of events in SOE, MI5, MI6, the XX Committee, the London Controlling Section, and the Chiefs of Staff in the first half of 1943, as they relate to SOE's misadventures in France in the summer of that year. My original intent was to carry the story forward until the end of June, and then ...
