The Contribution Of Mixed Legal

This book brings together a number of essays on the contribution that the so-called mixed legal systems can make to the emergence of a European private law. The contributions discuss different aspects of the law of Scotland, South Africa and Louisiana, as well as some general methodological aspects of mixing legal systems, all in their relationship with the development from a new ius commune for Europe.

Mauritius had originally inherited its laws from its two successive colonial administrators, France and Great Britain. The Mauritian legal system, however, is neither civilian nor common law, although possessing characteristics of both. By a kind of osmosis, the system has blended the elements of its inherited traditions and, in their fusion, has developed a distinct corpus of Mauritian law.

The question is then whether mixed legal systems should be considered as a legal family, next to – or in between – the common law and the civil law families. Such a situation appears unsatisfactory for two reasons: First, there is evidence that the strict distinction between common law and civil law countries might become somewhat more flexible, especially in the European context.

These were based ultimately on Germanic tribal law—Frankish, Frisian, Saxon—supplemented by privileges and by-laws (keuren) and were themselves affected by an earlier infiltration of Roman law. The resulting mixed system, for which Simon van Leeuwen in 1652 invented the term “Roman-Dutch law,” remained in force in the Netherlands until it was superseded in 1809 by the Napoleonic Code, which in its turn in 1838 gave place to the Dutch civil code.

Qualitative research represents a significant contribution to mixed-methods research (Creswell et al., 2006). The use of what Mason (2006) calls a qualitative logic does not define the world in qualitative versus quantitative terms; rather by mixing methods we intensify the "logic of qualitative explanations about the social world" (Creswell et al., 2006, p. 2).
