LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

### The Fyrelit Tragedy Zarkora 1

The Fyrelit Tragedy, the first in the Zarkora series, is a great adventure story with a traditional quest feel. It reminded me of Emily Rodda's 'Deltora Quest' - which is one of my favourite MG fantasy series. If given the chance, I would actually rate this book a 3.5.
