Baby boomers have been credited with an essentially 'youthful' approach to themselves, to consumption and to life-style. As they enter midlife and older age they are also faced with the challenges of a mature identity. This paper critically examines the strategies that baby boomers in the United Kingdom use to manage identity as they grow older.

Body as performative text highlights the dynamics of bodily construction under dominant patriarchal ideology that oppresses anything outside of the constructed norm. Body/ies not only reveal the construction of sex/gender and sexuality but also route new ways of embodiment through performativity strategies. ... The Mature Imagination should be ...

Dynamics And Performativity Of Imagination | LibraryofBook.com

The neurological dynamics of the imagination provide the enabling conditions of the cells' excitation. This limit and enablement arises in the ongoing and non-repeatable transformation of brain-states and metabolic processes. Edelman points to these processes in his description of the creation of secondary repertoires.

The neurological dynamics of the imagination

Consequentially, the imagination is fully mature only in the developmental stage of adulthood. In addition, during the transition from childhood to adulthood, two types of imagination gradually ...

Practice of Case Management - David P. Moxley - Google Books

Imagination is how the neurons in our brains make connections between ideas. Right now, we can see that the Industrial Era is fading, but not yet gone, and the Intelligence Era is coming, but not yet here. The period of transformation in between—and where we are now—is the Imagination Age. Right now the business landscape is transforming.

Imagination: The Path to the Future | Gallery

Asals's study is an investigation of the dynamics of O'Connor's imagination, and as such it is one of the most complex, challenging, and intellectually exciting studies of her work yet to appear. . . . A superb and penetrating analysis. (Flannery O'Connor Bulletin) To my taste, the most impressive book [of O'Connor criticism] published to date
