The Oxford Handbook Of Translation

Abstract. The Oxford Handbook of Translation Studies covers the history of the theory and practice of translation from Cicero to the digital age. It examines all major processes of translation, offers critical accounts of research, and compares competing theoretical perspectives. It considers all kinds of translation from sacred texts, poetry, fiction, and sign language to remote, consecutive, and simultaneous interpretation in legal, diplomatic, and commercial contexts.

The Oxford Guide To Literature In English Translation ...

Despite their importance in the reception and distribution of films, translation and accessibility have traditionally been neglected in the film industry. They are regarded as an afterthought, which results in translators being isolated from the creative team and working in conditions that hamper their attempts to maintain the filmmaker's original vision.
