The Political Economy Springer

This chapter purports to offer a conceptual framework for the study of the political economy of policy-making mainly in Japan and other developing countries. Its main concern is not any particular policy itself but the political and economic factors that affect the decision-making and implementation of fiscal and other governmental policies.

As the economy grew at double-digit rates, a middle class emerged. However, few employers provided health insurance and only expatriates had access to private insurance. Even in cities, health insurance became rare, with a decline in the number of people covered during the 1990s that eventually bottomed out at 40 percent (Liu et al. 2000).
