Thinking With Animals New Perspectives

In their performance with humans on many stages and in different ways, animals move us to think. From Victorian vivisectionists to elephant conservation, from ancient Indian mythology to pet ownership in the contemporary United States, our understanding of both animals and what it means to be human has been shaped by anthropomorphic thinking.

Amazon.com: Thinking with Animals: New Perspectives on ...

Scientists and animal researchers routinely warn against "animal stories," and contrast rigorous explanations and observation to facile and even fanciful projections about animals. Yet many of us, scientists and researchers included, continue to see animals as humans and humans as animals. As this innovative new collection demonstrates

Thinking with Animals: New Perspectives on ...

Thinking with Animals provides a much-needed multidisciplinary and cross-cultural discussion about how we describe, explain, and come to a better understanding of the behavior, minds, and emotional lives of other animals. Anthropomorphism has survived a wide variety of onslaughts and is here to stay.

Thinking with Animals: New Perspectives on ...

The fascinating complexities and hidden dynamics of our human dance with nonhuman metaphors is what Max Planck Institute director Lorraine Daston and science historian Gregg Mitman explore in Thinking With Animals — a wildly stimulating anthology of essays that began as a workshop at Berlin's Max Planck Institute for the History of Science held in May of 2001, exploring our metaphor-riddled relationship with animals from a variety of perspectives: philosophical, historical ...

Gregg Mitman- Books- Thinking with Animals: New ...

As this innovative new collection demonstrates, humans use animals to transcend the confines of self and species; they also enlist them to symbolize, dramatize, and illuminate aspects of humans' experience and fantasy. Humans merge with animals in stories, films, philosophical speculations, and scientific treatises.
