A teacher is often the one person in a child's life who is a stable mentor that the child can lean upon. I chose to become a teacher because I believe all children need a positive mentor that instils in them an interest in the world and a belief that they can make something of themselves. I want to improve children's lives.

Culturally diverse students, like all students, are vulnerable to teacher expectations. The Rosenthal and Jacobson study of 1968 was the first full-length study to suggest that teacher expectations, even when based on erroneous information, can influence the academic performance of children. This harmful practice is commonly known as the Pygmalion Effect.
