Uncharted Terrains: New Directions in Border Research ...

This dynamic process reveals new prospects, missed opportunities, and new methodological and ethical challenges. However, while the foregoing is true of most all research, some very unique concerns arise along tension-laden international borders and because of them, researchers find themselves increasingly navigating uncharted terrains.

Uncharted Terrains: New Directions in Border Research ...

“We must secure our borders” has become an increasingly common refrain in the United States since 2001. Most of the “securing” has focused on the US–Mexico border. In the process, immigrants have become stigmatized, if not criminalized. This has had
