Value-Based Pricing: Drive Sales and Boost Your Bottom ...

Value-based price is a pricing strategy which sets prices primarily, but not exclusively, according to the perceived or estimated value of a product or service to the customer rather than according to the cost of the product or historical prices. Where it is successfully used, it will improve profitability through generating higher prices without impacting greatly on sales volumes. The approach is most successful when products are sold based on emotions, in niche markets, in shortages or for com
