Law text for the world's first nationwide DST switch (Reichsgesetzblatt, German Empire, 1916). Germany Popularized DST. However, the idea did not catch on globally until Germany introduced DST in 1916. Clocks in the German Empire, and its ally Austria, were turned ahead by one hour on April 30, 1916—two years into World War I. The rationale was to minimize the use of artificial lighting to ...

Why Do We Have Daylight Saving Time?

Russell Foster is a circadian neuroscientist: He studies the sleep cycles of the brain. And he asks: What do we know about sleep? Not a lot, it turns out, for something we do with one-third of our lives. In this talk, Foster shares three popular theories about why we sleep, busts some myths about how much sleep we need at different ages -- and hints at some bold new uses of sleep as a ...

Russell Foster: Why do we sleep? | TED Talk

Once you have received your flu vaccine, it takes up to two weeks for your body to start building antibodies that provide protection against a certain strain of the virus in the vaccine.

Why do I need to get a flu shot every year? - nj.com

Why do 70 million Americans — and many members of Congress — still follow Trump? Trump's mass of followers is a huge problem for America — but they're not all the same.

Why do 70 million Americans — and many members of Congress ...

So let's think about what we have on the left side: we have 3 masses with mass X, so you can say we have 3x and then we have 2 masses of 1

Read Book Why Do I Have Two Mums Asks Byron All Families Are Special

kilogram, so in total we have 2 kg. So + 2. So one way to think about the total mass on the left-hand side is $3x + 2$. Three masses with mass x , plus two kilograms. That is what we have on the left-hand side.

Son of 'raped' masseuse: 'Why did you do this to my mum?'

Some cells once fully formed do not undergo cell division, such as nerve cells and muscle cells. Since you can never re-grow or repair these types of cells once they are mature, you must take care of the ones you have. However, to grow in size from a baby to teen-ager, all of the cells must undergo cell division. ...
