Workforce 2000: Work and Workers for the 21st Century. Johnston, William B.; And Others. Four key trends will shape the American labor force in the final years of the 20th century. The American economy should grow at a relatively healthy pace. Despite its international comeback, however, U.S. manufacturing constitutes a much smaller share of the economy in the year 2000 than it does today.

Despite its international comeback, however, U.S. manufacturing constitutes a much smaller share of the economy in the year 2000 than it does today. The work force will grow slowly, becoming older, more female, and more disadvantaged. The new jobs in service industries will demand much higher skills.
